

ACZ Laboratories, Inc.

A Full Service Environmental Testing Laboratory

Environmental Tribal Experience

Focused On Assisting Tribes With Their Environmental Testing Needs

ACZ has over 29 years experience providing Tribal customers and their consultants with litigation-quality data in a timely manner. ACZ is a full service analytical laboratory providing inorganic, organic and radiochemical testing. Our full service capabilities allow ACZ to meet the needs of Tribal environmental managers. As a leading company dedicated to environmental testing, ACZ is invested in understanding the special testing needs as they relate to environmental Tribal requirements.

ACZ Past and Present Tribal Experience Includes:

- Cheyenne River Sioux Tribe
- Coeur d'Alene Tribe
- Hoopa Valley Tribe
- Navajo Nation
- Nez Perce Tribe
- Quapaw Tribe
- Shoshone-Bannock Tribes
- Shoshone-Paiute Tribes
- Southern Ute Indian Tribe
- Spokane Tribe of Indians
- Standing Rock Sioux Tribe
- Ute Mountain Ute Tribe

ACZ's project experience serving Tribal nations includes: National Resource Damage Assessment (NRDA), Abandoned Metal Mining and Uranium Mine assessments, Acid Rock Draining (ARD) monitoring and cleanup support, low-level metals testing, plant and biota tissue analysis, wetlands monitoring, groundwater & surface water monitoring, soils, land fill monitoring, as well as hazardous waste analysis (RCRA) and UST investigations.

About ACZ

ACZ is NELAP accredited and holds certifications in most western states. ACZ's 25,000 sq/ft. state-of-the-art facilities and experienced staff ensure the support of large projects, while still providing superior personalized customer service. Since 1980, ACZ's main goal has been to provide our clients high quality data in a timely manner. A commitment to quality and extensive experience make ACZ the right choice for your analytical service needs.
